

FLEUR

PINOT NOIR CARNEROS

The Fleur Pinot Noir Carneros has been a staple in many of the finest restaurants and wine shops across the United States and abroad since its first release in 1987.

Always well crafted and a great value for the price, our Carneros Pinot displays an expansive array of fresh, ripe red fruit aromas and a hint of exotic spice. The generous flavors expand across the palate with similar spicy red fruit flavors that are richer, denser, and broader than most of the Pinots in this price range. This bistro ready Pinot is always ready for the table and never fails to delight.
